REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The present invention is directed to a video display apparatus. The independent claim 8 identifies the distinct features: "a first correction signal generator providing a first correction signal to said vertical deflection signal; a second correction signal generator providing a second correction signal to said convergence coils; wherein said first correction signal provides correction for selected columns of said cross hatch grid; and wherein said second correction signal provides correction for at least one column of said cross hatch grid other than said selected columns". All the references of record, either singularly or in combination, fail to anticipate or render the above underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Trang U. Tran whose telephone number is (703) 305-0090. The examiner can normally be reached on 8:00 AM - 5:30 PM, Monday to Friday.
